

GCP3 Cast Iron Water Pump

GCP3-**1000**

GCP3-**1500**

MODEL NO.	Specification	Voltage (V)	Length A(mm)	Width B(mm)	Height C(mm)	Inletφ D(mm)	Outletφ E(mm)	F(mm)	G(mm)	NW (kg)	GW (kg)	Outer Package LxWxH(mm)	Inner Package LxWxH(mm)
GCP3-1000	10HP	380V	890	340	430	4"/110	3"/90	320	370	109	127	1020x460x566	1004x444x450
GCP3-1500	15HP	380V	930	340	430	4"/110	3"/90	320	370	115	133	1020x460x566	1004x444x450

Features

Metal pumps are molded with cast copper, solid, durable and reliable. Its filter basket with high capacity helps reduce cleaning work. Characterized by high performance and efficiency, the mixer accelerates water injection(irrigation) rate and improves energy efficiency.

Scope of application

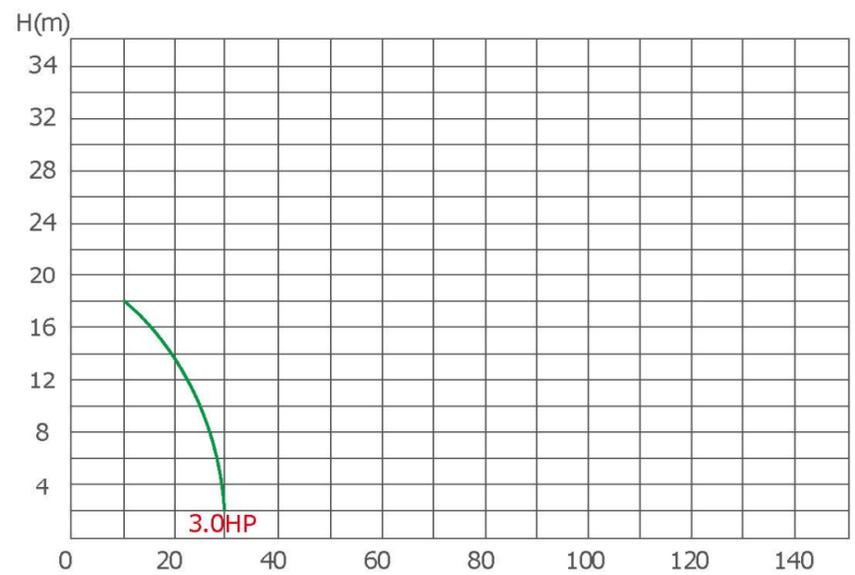

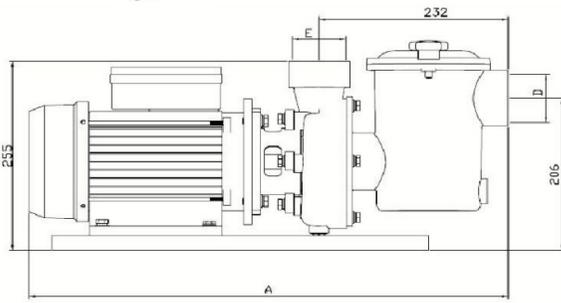

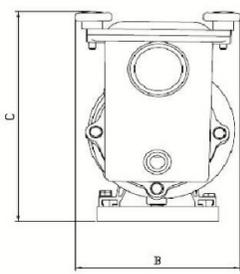

Applicable to: swimming pools, industrial water, ocean parks, water theme parks ;etc.
